President and Advisers ‘Must be Held Accountable’ for Disastrous Withdrawal from Afghanistan

WOODLAND PARK, CO, August 26, 2021 – According to [reports from Afghanistan](#), at least a dozen U.S. service people were killed in a series of terrorist bombings that rocked the area around the Hamid Karzai Airport in Kabul during ongoing evacuation efforts. [According to Gen. Kenneth F. McKenzie](#) of Central Command, the administration is relying on the Taliban to provide security at the airport and shared intelligence with the violent and radical Islamist regime, [including a list of the names](#) of United States citizens, green card holders, and other Afghan allies.

According to Richard Harris, executive director of the Truth & Liberty Coalition, “The carnage and suffering that is unfolding in Afghanistan is heart wrenching. Our grief is compounded by the fact that it has been enabled by the incomprehensible actions of our own government. President Biden and all his advisers must be held accountable for the precipitous removal of American forces without a realistic plan to assure the safety of the innocent souls we are leaving behind, including American citizens, Christians and those who helped us in our mission there.”

[U.S. Rep. Doug Lamborn](#), R-CO, said he and his staff “are doing everything we can to assist people in leaving the country.” Nonprofit organizations like [WallBuilders](#) (led by David and Tim Barton), are also working to support evacuees and persecuted Christians. Pray for the safety of American troops and citizens in Afghanistan, for wisdom to resolve the ongoing crisis, and for the security of the United States as events continue to unfold.
